APWA Mission Statement

70 Years - 1954 - 2024

The purpose of this Chapter is to cause and share with our community, the advancement of the theory and practice of the design, construction, maintenance, administration and operation of public works facilities and services; the dissemination of information and experiences; the promotion of improved practices in public works administration; the expectation that all member public works officials will adhere to high professional and ethical standards; and the professional and social improvement of its members, as set forth in the "Rules Governing Chapters of the American Public Works Association."
