We are excited to kick things off in 2025 for the APWA Small Business Committee! The format will be a meet and greet for members, and prospective members. We plan to use this time to socialize and get to know one another and learn more about what SMB members would like to hear about and achieve over the course of the year. This is an open forum for our community to voice opinions related to working with bigger Primes in San Diego. We hope that you will continue to participate and engage within the committee to help foster the growth and development of small businesses in the community. Please forward this email notice to those who may be interested in participating!

[RSVP](#) for the March meeting so we can get a rough headcount.
We have Pac-Man, foosball, ping-pong, billiards and more, so it should be a fun time :)

Andrew and Ashley can be reached at: smallbusiness@apwa-sd.net.
